Planting and Growing Ornamentals

Garden Mate breaks up clay and soil compaction allowing water to penetrate while improving drainage, as well as stimulating fresh root and shoot production.

Flower Blend is perfect for keeping the soil conditioned, improving foliage growth, flower numbers, size and colour as well as helping to fortify plants against pests and disease.

Suitable for all flowering ornamentals including Camellias, Azaleas, Gardenias and Rhododendrons

Best Practice

1-2 handfuls of **Garden Mate** in the bottom of the hole when planting,

3-5 handfuls of **Garden Mate** around the base when planting and after pruning.

3-5 handfuls of **Flower Blend** around the base every 10 to 12 weeks.
